from before the days of moses up through the 1960s slavery was a fact of life in the middle east pagans jews christians and muslims bought and sold at the slave markets for millennia trading the human plunder of wars and slave raids that reached from the russian steppes to the african jungles but if the middle east was one of the last regions to renounce slavery how do we account for its and especially islam's image of racial harmony how did these long years of slavery affect racial relations in race and slavery in the middle east bernard lewis explores these questions and others examining the history of slavery in law social thought and practice over the last two millennia with 24 rare and intriguing full color illustrations this fascinating study describes the middle east's culture of slavery and the evolution of racial prejudice lewis demonstrates how nineteenth century europeans mythologized the region as a racial utopia in debating american slavery islam in fact clearly teaches non discrimination but lewis shows that prejudice often won out over pious sentiments as he examines how africans were treated depicted and thought of from antiquity to the twentieth century if my color were pink women would love me but the lord has marred me with blackness lamented a black slave poet in arabia over a millennium ago and lewis deftly draws from these lines and others the nuances of racial relations over time islam he finds restricted enslavement and greatly improved the lot of slaves who included until the early twentieth century some whites while blacks occasionally rose to power and renown but abuses ring throughout the written and visual record from the horrors of capture to the castration and high mortality which along with other causes have left few blacks in many middle eastern lands despite centuries of importing african slaves race and slavery in the middle east illuminates the legacy of slavery in the region where it lasted longest from the days of warrior slaves and palace eunuchs and concubines to the final drive for abolition illustrated with outstanding reproductions of striking artwork it casts a new light on this critical part of the world and on the nature and interrelation of slavery and racial prejudice

this work set out to describe in broad outline the history of slavery and the slave trade in the british colonies up to 1838 in that year all slaves in british possession were freed moreover those slaves were black imported from africa or born to africans and their descendants in the americas the book therefore concentrates on black slavery it does not seek to tell the story of slavery in the usa although it is concerned with slavery in the northern american colonies before they broke away from british control in 1776 this work does not try to explain the course of slavery in the non english speaking world save only where it impinges on the course of british slavery it is then a brief account of the british involvement with black slavery from the early days of european colonization through to the early 19th century some attempt is then made to trace the legacy of black slavery a legacy which survives in a host of ways today

the abolition of slavery in and around the western indian ocean have been little studied this collection examines the meaning of slavery and its abolition in relation to specific indigenous societies and to islam a religion that embraced the entire region and draws comparisons between similar developments in the atlantic system case studies include south africa mauritius madagascar the benadir coast arabia the persian gulf and india this volume marks an important new development in the study of slavery and its abolition in general and an original approach to the history of slavery in the indian ocean and asia regions
