despite the advances in educational effectiveness theory and methodology in the last 20 years important questions and issues remain unresolved in particular existing theoretical frameworks of educational effectiveness are only able to describe the interrelationship among factors at the system school classroom and student levels and their cross level interdependency in a very general manner additionally although a large number of studies provide empirical evidence of the impact of single factors and factor constellations on student learning the embedding of the empirically identified results in theoretical models of educational effectiveness has to be carried out more systematically in order to develop more elaborated theories of educational effectiveness the aim of this book is to contribute to the advancement of educational effectiveness theory by discussing different strategies including alternative theoretical models to understand educational effectiveness extending the methodology to analyze processes and mechanisms of educational effectiveness analyzing differential effects of processes and instruments on educational effectiveness carrying out complex multivariate analyses considering manifest and latent variables and combining theory and practice in real school situations taken together the strategies presented in this book make it clear that the advancement of educational effectiveness theory depends on the advancement of educational effectiveness methodology or in other words from theory to methodology and from empirical evidence back to theory this book was originally published as a special issue of school effectiveness and school improvement

undergraduate students of the sociology of education education and society and education studies

the increasing involvement of the courts in standards based reform is one of the most important developments in education law since the courts became involved in desegregation this book explores how the courts growing role in educational policy impacts the standards based movement in areas such as school finance reform and the no child left behind act and explains how the courts role will change in the coming years

social work educators and degree program administrators face difficult issues concerning law student rights and social justice in their role as gatekeepers of the social work profession how and why should baccalaureate social work programs afford or restrict access to the profession when do gatekeeping strategies mask educators reluctance to tackle some of the more thorny issues that have plagued higher education in general for example academe s often limited success in addressing a variety of student special needs balancing the interests of a diverse student population a baccalaureate program and the profession to say nothing of the clients challenges gatekeepers creativity to the utmost this all in one resource written by social work educators with special interests and expertise in gatekeeping provides the knowledge and tools that faculty and administrators need to carry out their duties conscientiously and appropriately gatekeeping in bsw programs covers the history of gatekeeping and its major issues legal matters in the field and strategies and processes of gatekeeping it also includes useful appendixes of materials and tools such as sample questions for student admissions and various sample academic policies

provides the latest information and statistics of education in the united states covers primary elementary and secondary schools public vs private schooling national education goals student testing and achievement dropout rates at risk students home schooling school choice vouchers teacher supply demand public opinions about education violence and drug use in schools special education education of gifted children and more
